Pulizia e Manutenzione/Cleaning and Maintenance

Pulizia ordinaria: spolverare delicatamente il rivestimento con una spazzola morbida. Usare una soluzione leggera di acqua e sapone neutro da applicare delicatamente con un panno inumidito, far asciugare e spazzolare ancora per ravvivare il tessuto.

Periodicamente ammorbidire la pelle con un panno imbevuto di acqua e sapone neutro.

Ordinary cleaning: gently remove upholstery dust with a soft brush. Use a mild solution of neutral soap and water to be applied gently with a dampened cloth. Dry and revive the fabric by brushing again.

Periodically soften the leather by using a cloth dampened with water and neutral soap.
